A little kerosene oil rubbed briskly ever the spots on dark clothing will brighten the garments and remove the string almost like magic. The kerosene will evaporate quickly and leave no

It is a curious fact that night is the bodice is a decided and graceful change time which nature utilizes for growth, from the various loose-fitting dresses plants grow much more in the night which have been the only wear of late, than in the daytime, as can be The trimming idea is continued from the any time by measurement. Measure a skirt, as shown in the sketch; the vine of night, then measure it again to sleeves, puffed to the elbow, have grace- the morning, and the next night, and it ful epaulets of allk, edged with black will be found that the night growth is satin ribbon, and the waistbelt is of two or three times that accomplished black satin, fashioned into a tiny puff during the day. During the day the plant is very busy gathering nourishment from various sources, and during the night this raw material is assimilat-

The same fact is true of the animal Children grow more rapidly during the night. In the daytime, while tent is kept busy disposing of the wastes consequent on this activity; but during sleep the system is free to extend its operations beyond the more replacing of worn out particles, hence the rapid wrinkle to a friend the other day need so much rest and sleep. With the My recipe, among other things, calls for green tomatoes and nasturitums. of perfect rest, nature will reassert herself, clearing up the clogged and dires tissues and restoring the organs to their

Flowers at Heddings.

Set designs in floral decorations for weddings are not much used nowadays. shoe, four-leaved clover or several large signs of their disposition. In rooms where the doorways have a grill work a pretty effect is produced with smils x of fish netting drawn taut across the upper part of the door frame; it is then Born on Aug. 11, 1823, this gifted woman neatly concealed by interwining greens. The notion for white wee'dings continues and also that of using only one variety ment in years, she enjoys comparatively

seventy years Miss Yonge has devoted A pretty costume for a bridesmald to herself exclusively to literature, her first work having been written when she was here pictured. The dress is of biscuit

To the Editor

It unget be of interest to you to know that a thrown out in a dull, vague design, that the bonnet which she had purchased dock new on course of construction at the store boars. Blacks it's bland, which is controlled by the Department of Charities and Correction, their solid is with garbage and eith oldested from the streets of New Ark City, making it estreach unhealthy. Respectfully.
